

**Chesapeake Bay Program Phase 6 Watershed Model –
Appendix 9B – NHDPlus Catchments Excluded from Reservoir List
Final Model Documentation for the Midpoint Assessment – 10/2/2018**

Appendix 9B: NHDPlus Catchments Excluded from Reservoir List

The Maryland Department of the Environment (MDE) and the Virginia Department of Environmental Quality (DEQ) reviewed the reservoirs represented in SPARROW and provided the following direction for the removal and addition of reservoirs. MDE recommended removing 486 impoundments, either because they were tidal wetland or because they should be considered as BMPs and requested adding 29 reservoirs. DEQ requested that 128 impoundments that were reported as BMPs be removed from the Phase 6 simulation. The NHDPlus catchment identifiers are listed in the table below
